

Huawei Ascend W1 Battery Replacement

This guide will show you the steps to removing the battery.

Written By: Jaie Hillery

INTRODUCTION

It is a fairly simple and straightforward guide. Just be careful when you're removing the back cover. It can break easily.

Step 1 — The phone's orientation.

- Flip the device over so that the back of the phone is facing you and the screen is against your palm.

Step 2 — Removing the back cover.

- Locate the slit at the bottom of the back cover.
- Using your fingernail, lift up on the back cover to expose the battery.

Step 3

- Lift the back cover off the phone.
- ❗ The back cover is snapped onto the phone so you will feel it unsnapping as you remove it.

Step 4 — Removing the battery.

- Find the indented notch at the base of the battery.
- Lift the battery out of the phone with your fingers by pressing forward and lifting upward.

To reassemble your device, follow these instructions in reverse order.
